EZPlus Fully Automatic Sterilizers

At Tuttnauer, our single focus on sterilization and infection control enables us to offer products to help practitioners meet today’s challenging workloads and regulatory requirements.

Innovative EZView multi-color display
- Bright, new EZ panel uses active multi-color display technology for easy viewing, even from a distance

CPIA
- Contains 5 keys, allowing the user to browse with ease through the sterilization programs and user directories

Optional Printer
- Documents detailed history of each cycle

USA Port (located under door cover)
- To backup cycle data

Includes USB flash drive with machine

EZPlus Fully Automatic Sterilizers

- Large Capacity
- Closed Door Drying
- Innovative Multi-color Display
- Flexible Loading Options
- Self-Locking Door
- 2 Year Parts & Labor Warranty

Designed to meet the most current sterilization standards ANSI/AAMI ST55
Fully Automatic EZPlus Autoclaves

- ANSI/AAMI ST55 Designed to meet the most Standards and directives
- EZPlus is easy to operate with 4 FDA cleared sterilization programs. Additionally, there are 2 customizable sterilization programs, A and B.
- A convenient Chamber brite cleaning program simplifies maintenance when utilizing Chamber Brite powdered autoclave cleaner.
- Operator has the option to add additional drying time.
- EZPlus loaded with 2 stainless steel trays (cassette rack included) and 1 standard pouch rack.
- EZ11Plus loaded with 5 stainless steel trays and optional pouch rack.
- EZ9Plus loaded with 3 full and 1 half stainless steel trays (cassette rack included).
- EZ9Plus loaded with 2 full and 1 half (cassette rack included) and 1 standard pouch rack.

**Sterilization Programs**

- EZ9Plus with a 9” chamber size and 3 large trays offers versatile loading options.
- EZ11Plus with an 11” chamber size and 5 large trays offers versatile loading options to handle large volume loads.

**Documentation**

- EZPlus loaded with 5 stainless steel trays, handle included.
Fully Automatic EZPlus Autoclaves

EZslide self-latching door
Innovatively designed EZslide door feature effortless opening and closing with an automatic, double safety locking mechanism. Slide the door closed with a gentle push to close and lock it.

EZ-D free hand water filling
Assemble hand or foot water filling options.

EZView multi-color display
For easy reading, even from a distance.

Closed door drying
Door remains closed through the entire dry cycle to maintain stability and ensure efficient draining. High-efficiency air-pumping circulated warm air through the chamber for fast drying. 0.2μm HEPA air filter (replaceable).

Standards and directives
Designed to meet the most current sterilization standards, ANSI/AAMI ST55.

Specifications
- 2 year parts and labor warranty
- EZPlus is easy to operate with 4 FDA cleared sterilization programs. Additionally, there are 2 customizable sterilization programs, Custom A and B.

Sterilization Programs
- A convenient Chamber Brite cleaning program simplifies maintenance when utilizing Chamber Brite powdered autoclave cleaner.

EZPlus Autoclave Loading Options

EZ9Plus loaded with 3 full and 2 half cassettes (cassette rack included)
EZ9Plus loaded with 2 stainless steel trays, (tray handle included)
EZ11Plus loaded with 2 stainless steel trays and optional pouch rack

EZ11Plus with an 11" chamber size and 5 large trays offers versatile loading options to handle large volume loads.

EZ9Plus with a 9" chamber size and 3 large trays offers versatile loading options.

Documentation
- Optional RPCR Software generates a report that includes detailed specifications of the cycle including graphs and tables to measure specific parameters and displays value, with an option to save the report in PDF file format. The RPCR feature can be operated in both online mode, via an Ethernet connection, and offline mode via a USB drive.

Innovative EZView multi-color display
A bright, new LCD panel uses active multi-color display technology for easy reading, even from a distance.

EZPAK
Comes with 3 keys, allowing the user to browse with ease through the sterilization programs and user directories.

Optional Printer
Documents detailed history of each cycle.

USA Port (located under door cover) To backup cycle data.

Includes USB flash drive with machine.

Innovative EZView multi-color display
Real-time information is easy to read, even from a distance.

- Indicates pressure and some cycle parameters, temperature and pressure in the chamber.
- During the selected program each stage of the sterilization cycle is displayed with both an active color wheel and text.
  - The color of the wheel and text change for each phase of the cycle.
  - Wheel moves to indicate activity through each part of the cycle.
- Remaining time displayed during Water Filling, Sterilization, and Drying phases.
- Displays available in multiple languages.
